WELCOME TO THE LARK

On behalf of the entire LARK team and our local ownership group, welcome to The LARK.

Inspired by Main Street and the history of our building, the hotel was designed to provide a truly authentic Bozeman experience – from our location in the heart of downtown, to the local artwork in every guestroom, and our team of recreation-loving locals who can't wait to share their knowledge and enthusiasm as your area guides.

Visit us in the Map Room or wander down to the patio and grab a seat by the fire. We look forward to helping personalize your Montana adventure.

LARK GUESTROOMS

The LARK guestrooms were created with the comfort and convenience of our guests in mind. The graphic art pieces in each room were created by artists who live here and want you to be as inspired by this place as they are. These infographic wall installations depict the endless possibilities for exploration and the history of Montana.

Being in the heart of downtown can create a lively evening atmosphere. Your LARK Guide has placed ear plugs in your room for your convenience. We also recommend using the “constant fan” feature on your AC/Heat unit to create ambient noise. Or throw on your boots and hit the town

LARK GUIDES

SAFETY TIPS

The LARK (and Bozeman in general) is very a safe place, but we recommend the following tips to ensure all is well:

- Store all your valuables in a secure location, such as the safe in your guestroom.
- Make sure to close your guestroom door tightly when you leave the room.
- Use the deadbolt lock on your door and lock all windows when you call it a night.
- Don't let anyone in your room without identification – use the peephole y'all.
- Safeguard your key – don't leave it in your room when you're out and about and be sure to leave it with the front desk upon departure.
