

Step back to the Roaring '20s when Smith Tower was young, Prohibition was the law, and Seattle was growing quickly.

As you move through the building, keep your eyes and ears open as you discover the good, the bad, and the ambitious people of Smith Tower.

*Explore the historical icon that put Seattle on the map.*

# Smith Tower

OBSERVATORY EXPERIENCE

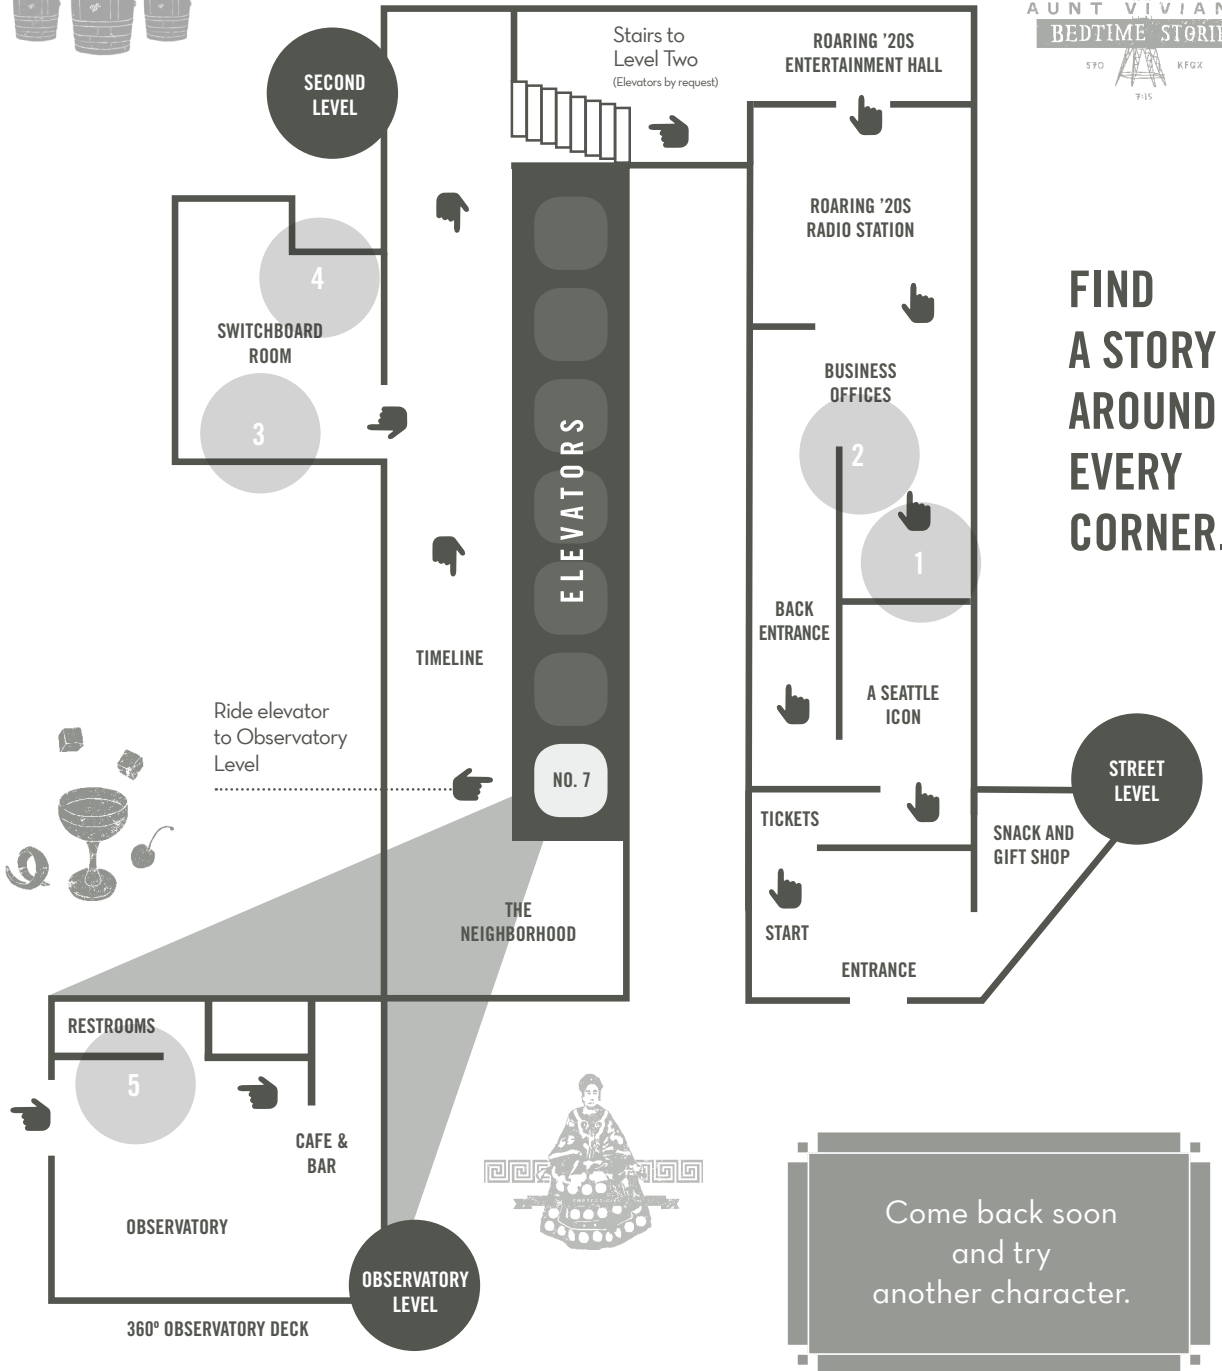

*The Seattle Architect  
Who Builds in Asia*

Vogel is an architect of international fame. His firm—Baker Vogel Roush—leases offices in Smith Tower but Vogel is often away, working with clients in Japan and China. An engineer and architect, his practice combines Asian aesthetics with western construction techniques.

# YOU ARE Joshua Vogel

- 1 Find the business offices. Where is your architecture practice based?  
\_\_\_\_\_
- 2 Find your stenographer's desk. What's her name?  
\_\_\_\_\_
- 3 Listen to line 1 in the switchboard room. Where is your client from?  
\_\_\_\_\_
- 4 Explore the map. What's the name of the Seattle apartment building you designed?  
\_\_\_\_\_
- 5 Find the Observatory. What new field do you become interested in?  
\_\_\_\_\_

*Share any correct answer with an Observatory staff member for a reward.*
